

Changes Since the 2010 Revision of Wyoming's State Wildlife Action Plan

Change	Reason	Page	Date
The Wyoming Pocket Gopher's conservation priority ranking was changed from a Tier 2 to a Tier 1.	The change was made due to increases in scoring related to Wyoming's contribution to the species' overall conservation and its ecological and management role. The Wyoming pocket gopher is only found in a few locations in Wyoming.	Species of Greatest Conservation Need Introduction Page IV – i - 8	1/27/2012
